Aerospace Industry Support Initiative SMME Stand at the International Astronautical Congress (IAC) 2010 27 September – 1 October 2010, Prague, Czech Republic

The AISI is an initiative of the Department of Trade and Industry (**the dti**) incubated and managed by the Council for Scientific and Industrial Research (CSIR). The AISI, through the collective leadership of government and industry, aim to upgrade, propel and position the South African Aerospace-, Defence- and Space industry to be firmly integrated as part of global supply chains. The AISI aims to achieve this vision through:

- Enhancing the global competitiveness of the South African industry
- Providing an institutional platform to facilitate partnerships and innovation between government, academia and industry
- Identifying, developing, supporting and promoting the interests and capabilities of the South African industry
- Accelerating the achievement of government strategic objectives including growth, employment and equity.

As part of achieving these goals, the AISI will provide a pavilion for SMMEs to attend and exhibit at IAC 2010. The AISI will provide services and cover the following expenses to enable SMMEs to exhibit at IAC:

- Air travel for one company representative for companies
- Accommodation for one company representative for the duration of the Congress.
- Daily snacks, beverages and lunch for all exhibitor companies
- Freight forwarding of merchandise to be exhibited
- Company profile printed in the AISI Exhibitor Brochure 2010.

Successful applicants will be informed by **Tuesday, 10 August 2010**
